

## Dear Donor,

We are glad to share that with activities undertaken by our team in **March-2020**, we've been significant in bringing a positive change in the lives of many needy ones. It feels great to showcase our efforts with a hope that maybe, it will inspire more people to come forward and lend their support to the helpless people.

The last few weeks have been unsettling for people across the world because of the COVID-19 outbreak. With the virus spreading view rapidly across the globe, COVID-19 a pandemic. We pray for all to stay safe and stay healthy. Let us fight against it and flatten the curve together by staying indoors.

Like every month, this month we are sharing the various activities done by us. In of the continually evolving global situation, our activities include the **distribution of health and wellness kit to women on occassion of International Women's Day, awareness distribution of free sanitizers, mask, food against our fight for Corona to extend support to save lives of underprivileged people of our society** etc.

Fortunately, we got the chance to make people aware of health and hygiene to spread the bliss of giving love with God's special kids. Thanks for your tireless support in enlightening the lives of many.

## A Pray ...

Master Prem and Master Ashish, unfortunately these children could not struggle through the pain and agony they were going through with the burn injuries they had incurred and lost the battle of life. We tried our best to save these angels but the complications and infections were grave... Request all our donors to pray for their family and their pure souls....

**We thank you from the bottom of our hearts for the being a part of our family and helping us successfully bring smiles to many!!!!**

**You are a very Valuable Member of our family and without your presence...Everything else is just an Effort!!!!**
